SANDY and GERRY meet in the park on a sunny day.

GERRY

Hey you must be Sandy, nice to meet you.

SANDY

Nice to meet you too, Gerry. What a beautiful day in the park. Our blind date is starting off well!

GERRY

Actually before we start, I'm going to go poop. Be right back.

GERRY starts to walk across the park.

SANDY

I appreciate the honesty, I guess.

GERRY stands under a tree.

GERRY

I'll just be right over here, give me a minute.

GERRY begins to unbuckle their belt.

SANDY

What are you doing! You can't just poop outside!

GERRY buckles their belt.

GERRY

Oh I see Big Toilet got to you too. You ever ask why we *have* to go to a special room just to poop?

SANDY

It's because we're not animals just pooping wherever we want!

GERRY

No! Big Toilet is putting us in boxes! To control our basic human freedoms, just so they can profit!

SANDY

You can't be serious right now!

GERRY

Toilets needs a special rooms? The special room needs plumbing and electrical. Big Toilet is pulling all the strings!

SANDY

There are no strings.

GERRY

Now it's time for a poop anywhere revolution!

GERRY makes a hashtag hand symbol

GERRY

(loudly) Hashtag poop anywhere!
Hashtag poop anywhere!

SANDY

Oh my God stop it!

GERRY

Check it Sandy. When we're babies, they put us in diapers, and we can poop anywhere. Then we're "trained" to go on the toilet. It's all about control!

SANDY

That's because babies don't have control of their poop.

GERRY

And when we're old they put us back in diapers, and we can poop anywhere again!

SANDY

That's because when we age, we lose control of our poop.

GERRY

No! It's because Big Toilet wants us to spend money on toilets, plumbing, houses! Follow the money, Sandy!

SANDY

What money! When you need to poop you use the restroom, just like everyone else.

GERRY

Did you know that the people that make those iPhone games are in cahoots with Big Toilet too? The longer you sit on the toilet the more clashing of clans you can do.

SANDY

Wait. What? Ewww.

GERRY

And Big Toilet cares about the environment, hah! The low flush system is a scam! I've done my own research and you'd be shocked by the results.

SANDY

I am shocked all right.

GERRY

You'll see the truth when I publish my manifesto on my YouTube channel. Hashtag poop anywhere!

SANDY

I will not like or subscribe you weirdo!

GERRY

I'll be calling all true believers to go to their local Home Depot and poop in a toilet on the showroom floor! HASHTAG POOP ANYWHERE!

GERRY exits screaming about his manifesto and pooping
SANDY holds their hand to their secret earpiece.

SANDY

Big Toilet HQ, this is Agent Smith reporting in. We've got another turd in the toilet, and I'm going to flush him down.

SANDY pulls out a gun and cocks it.

SANDY

Agent Smith Out.
