Lights up on Elon Musk, Helga Von Dingleshart, and 112579 standing on a stage with what looks like a jacuzzi next to them.

ELON MUSK
Hello, everyone! I'm Elon Musk.
I've revolutionized electric cars,
spacecraft, and Twitter. Now are
you ready to see how I've
revolutionized the office
cubicle?!

The crowd cheers.

ELON MUSK (CONT'D)
With assistance from my chief of
design, Helga Von Dingleschart,
I've transformed the workplace!
It's a combination of a
traditional cubicle and a jacuzzi.

Elon makes an awkward sweeping motion to reveal the new product.

ELON MUSK (CONT'D)
Meet the Jacubicle!

The crowd goes ape shit.

HELGA VON DINGLESCHART
Revolutionary! Why not crush ze
code on your laptop from ze warm
relaxing bubbles of a jacuzzi?

ELON MUSK
We were well into the production
phase before realizing the
immediate dangers of electronic
devices and a jacuzzi full of one
thousand gallons of water.

HELGA VON DINGLESCHART
We've randomly selected one of our
employees to demonstrate it for
you. Employee number 112579,
please step into ze Jacubicle.

Helga forcibly walks 112579 to the Jacubicle.

112579
Uh, I'm not so sure ...

HELGA VON DINGLESCHART
Get into ze Jacubicle. Schnell!

112579 worriedly enters the Jacubicle.

ELON MUSK
At first, electrocution doesn't
sound like a viable business
practice.

Helga hands 112579 a large and heavy laptop computer.

HELGA VON DINGLESCHART
But we took a close look at ze
data, and we project that only 10%
of the workforce will die by
electrocution. Oopsies. Buzz.
Zap! Buuuuzzzzz!

112579
I'd like to get out now!

ELON MUSK
Haha, Helga you're a riot. To
avoid electrocution, each employee
will have to have 100% focus.
Which means 100% productivity
across the organization! Unheard
of in business!

The crowd roars.

HELGA VON DINGLESCHART
Ja, we'll lose the bottom 10% to
electrocution, but who needs ze
bottom feeders anyway? Zap! Don't
drop that laptop into ze Jacubicle
you silly billy!

112579
(Louder) I'd like to get out now!

ELON MUSK

Wonderful. More productivity means more yachts for me. I can literally feel our stock price rising, mmmmm. Helga, let's talk benefits.

HELGA VON DINGLESCHART

Ja, If you die from electrocution in ze Jacubicle your family will receive zero benefits or compensation. And, they'll have to pay ze company \$10,000 for Jacubicle refreshment.

112579

What the actual fuck! I am getting out of this death trap!

ELON MUSK

Sit down rando! You'll do as you're told or I'll test out the killswitch.

HELGA VON DINGLESCHART

Oh, ze killswitch doesn't turn off ze Jacubicle. Try and guess what it does do!

112579 freezes in terror.

ELON MUSK

The Jacubicle launches next week and we guarantee you'll find it shocking!

The crowd roars.
